

Hello I'm

Ritul Sonania

"Never stop learning"

About Me

I'm software development manager with Amdocs, enthusiastic about solving upcoming challenges in the telecom industry.

My experience

I am post grad in communication, and have 14 years of IT industry experience in developing and designing software solutions.

Facts

I am DIY hobbyist, learning enthusiast and love cycling. My strengths are software skills and adaptability.

My Life Goals

To become a leader who can make a positive impact in the team and the organization
